**Excisions:** Excisions Recommended And Made

#### **Reasons for excisions:**

The publication requires six excisions. One excision is in order to remove material that means the publication promotes and supports the use of urine in association with degrading and dehumanising conduct. Five excisions are necessary to remove depictions of aggressive sexual activity from the feature. Repeated in the other components and menu loops, that degrades, demeans and dehumanises the female participants to a high degree. The women are degraded, demeaned and dehumanised by the activities, by the way that the scenes are filmed and by the way that they are positioned and treated.
